- c. Council to discuss consider and possibly take action on line-item amendment to be made by the city administrator in accordance with ordinance 09-2010

Reduce line item	10-40-6001	Hourly Court	by \$25,676.08
Increase line item	10-10-6918	CIP City Hall	by \$25,676.08

The city council approved a 2nd employee for court, however, with the pandemic and reduction in court processes, there is not a need to fill this position. This money can be used to complete remaining work at the new city hall, verses moving funds from the fund balance (savings). This will not increase or decrease the budget, therefor an ordinance is not required. As the city administrator I have the authority to make this change, however, I think it is important for transparency to make these known to the public as they occur.

Pam Combs

Pam Combs explained this area has 20 meters waiting. This property is outside of city limits and people are emailing her asking for a time frame when they can expect the city to upgrade this area. The city administrator explained there a lot of upgrades required and until we get the reimbursement from USDA the city should not consider doing upgrades that will require more debt resulting in higher water bills. Mr. Tolbert explained how adding meters effect the water system and the theory of the water system. Mr. Tolbert talked about expansion, water meters etc., further explained the water system capital expenditures. Mr. Tolbert stated that it may not be totally on the customer seeking a meter or service to bear the total cost of upgrade. It depends also on the benefit to the city in upgrading the system so we may be able to serve additional customers and future growth.

Pam Combs explained the citizens have done the meter studies and was given a price for the upgrade \$18,000-\$25,000 for each individual land owner. The landowner is not willing to the upgrades to get the water.

City administrator explained there are several areas within the city limits that are in desperate need of water upgrades and stated the city should prioritize the water system upgrades and suggested a committee. Mrs. Bishop explained the city is not in a position to give a time line of when the upgrades will happen.

Jay Stewart (citizen) stated he is willing to pay \$20,000.00 on a water upgrade on Robin Road across from Ranch Crest. Johnny Tabor explained the fees is to extend a 10-inch line will get this meter for the property.

Motion made by Marc Fowler to form a committee for water infrastructure and possibly have this on the agenda at the end of the month 2nd by Ricky Wiggins all in favor all in favor 5 0 Against 0 Absent motion carries

9. City Administrator
