THE STATE OF TEXAS

COUNTY OF McLENNAN

THIS AGREEMENT, made the 23rd of November, 2021, by and between CITY OF BRUCEVILLE-EDDY, 144 Wilcox Drive, Eddy, Texas 76524 (hereinafter called the "Owner") and TABOR & ASSOCIATES, INC., (Firm #F3229) a Consulting Engineering Firm, P.O. Box 1788, Waco, Texas 76703, (hereinafter called the "Engineer").

In consideration of the covenants and agreements herein contained, the parties hereto do mutually agree that the Owner hereby contracts with the Engineer and the Engineer agrees to perform the Engineering Services as follows:

PART I. EXISTING SYSTEM ANALYSIS:

- (A) Update Existing Maps: Updated maps will be based on a copy of the Operator's system maps that the Operator maintains (marks-up as required by TCEQ). As a minimum, maps and mark-ups provided by the Owner must include and identify water main size, pressure reducing valves, water meter size if over standard 5/8", every meter, tap, and meter box location including, but not limited to, active, inactive or reserved. Engineer is not responsible for meters or other data that are not shown on the marked up maps or otherwise located by the Owner. The accuracy and timeliness of map completion (typically within 120 days) is dependent on efficient Owner participation in the review and mark-up of draft maps.
- (B) Hydraulic Analysis: After "A" above is complete, then Hydraulic Analysis of the existing water distribution system will be performed by computer modeling to determine the delivery capability based on TCEQ Regulations. Color coded hydraulic contour maps will be provided identifying delivery service ability of the existing water distribution system.
- (C) Report: A bound report will be prepared for existing water system supply, storage, and pump capacities based on TCEQ capacity rules.
- (D) Presentation: Engineer will meet with Owner, present and explain the maps, hydraulic analysis, and report for approval by Owner.

PART II. SYSTEM IMPROVEMENTS PLAN:

- (A) Recommend prioritized budget for necessary system improvements, if any, for the existing system to be in TCEQ compliance.

PART III. MAPS AND REPORTS:

- (A) Deliver five (5) sets of 24" x 36" and five (5) sets 11" x 17" System Maps. (Upon request by the Owner, digital maps can be provided on one storage media device in PDF format only.)
- (B) Deliver one (1) set of 24" x 36" color coded hydraulic maps including (1) existing system pressures at 1.5 GPM per meter, (2) existing system high pressures at low flow, (3) proposed system pressures at 1.5 GPM with estimated improvements.
- (C) Deliver 10 sets of Hydraulic Analysis Reports which will include water system capacities and 11" x 17" color coded hydraulic maps.

PART IV. ENGINEERING FEES:

- (A) Engineering Fee for all services in Part I and Part III shall be **\$6.00 per meter for all meters on the system**. Compensation for services will be a lump sum in the amount stated above and fees to be paid upon presentation by the Engineer as follows:
50% due and payable upon presentation of the first interim set of updated system maps
100% due and payable upon presentation of the maps, hydraulic analysis, and report
- (B) Engineering Fee for design of system improvements estimated in Part II will be performed when directed by the Owner under a project specific Engineering Service Agreement which will include preparation of plans and specifications and bid documents for the specific improvements.

LIMITATION OF LIABILITY: To the maximum extent permitted by law, the Owner agrees to limit the Engineer's liability for damages to an amount not to exceed the Engineer's fee under this Agreement. This limitation shall apply regardless of the cause of action or legal theory pled or asserted.

USE OF DOCUMENTS: All documents, whether original work or compilation or copyrighted, including all reports, drawings, specifications, computer data and software, or other items prepared or furnished by Engineer pursuant to this Agreement, are instruments of service with respect to the project. Engineer shall retain ownership of all such documents. Owner may make or retain copies of the delivered documents for its information and reference.

IN TESTIMONY WHEREOF, the Parties sign this Agreement dated the 23rd day of November, 2021.

Subject: Agenda Items

Ms. Mayor:

Please accept this as my request to place the following items on the first council meeting in December, 2021.

1. Council to discuss, consider and possibly take action on taking applications for a City Administrator.
2. Council to discuss, consider and possibly take action on giving our City Secretary (Pam Combs) an additional hourly raise due to the fact that she is performing the City Administrator's duties in addition to her duties. This raise is to be retroactive from Sonya Bishop's departure from the employment of the City and continue until the City Administrator position is filled and that person assumes the duties of the City Administrator.

Thanks,
Ricky Wiggins
City Councilman
